Refined Requirements & Kickoff Handbook – Tech Morphers

This document is intended to help clients and internal teams align smoothly before starting any new project. It lays out the requirements, tech stack, services, and expectations clearly for a seamless development journey.

📝 Project Requirements Checklist

Before kickoff, we require the following from the client:

- 💰 **Budget**
- ⏰ **Deadline**
- 🕐 **Flow of project requirements**
- 💼 **Sample/similar projects** (if any)

🧱 Preferred Tech Stack

We work with modern, scalable tools to ensure future-proof development:

Web Development

- Next.js
- Tailwind CSS
- TypeScript
- Prisma
- Supabase / MongoDB / PostgreSQL
- ShadCN UI / Accertinity UI
- React Query
- Express.js

Libraries

- React Hook Form
- Zustand / Zod / Prettier / CLX / Class Variance Authority
- Tanstack Table / Auth.js / Clerk
- Framer Motion

Icons & Charts

- Lucide Icons / React Icons / Huge Icons Pro
- Nivo Charts / Recharts

📱 Mobile Tech Stack

- Flutter or React Native (for Android and iOS)
- Dart
- GraphQL / Hasura

• Firebase / Nhost

🖥️ Server & Cloud Infrastructure

- Nest.js
- PostgreSQL
- DigitalOcean / Google Cloud Compute Engine / AWS EC2
- GitHub Workflows / Docker

🛠️ Additional Services

Optional but commonly requested:

- 🔐 **Authentication:** Clerk / Auth.js
- 💳 **Payments:** Stripe / Razorpay
- 🧦 **Hosting:** Vercel / AWS Lambda / GCE
- ✉️ **Emails:** Resend / Nodemailer
- 🧦 **Image Storage:** Edge Store / Supabase Bucket / AWS S3 / GCE Bucket
- 📟 **SMS OTP:** Twilio / MSG91
- 🔷 **Domain & DNS:** Client-provided or managed by us

✏️ Templates & Resources

- Minimals.cc
- Hover.dev Components
- CodeMarketi UI Kits

💼 Pricing Model

We offer two models:

Recurring Clients

- Starting at ₹40K/month
- Unlimited project/feature requests within the niche and reasonable delivery time
- Dynamic pricing per month based on workload
- Unlimited revisions

One-Time Clients

- Higher upfront cost (40% advance)
- Faster delivery priority
- Advance deducted from total cost

💳 Payment Modes

- 🔗 **Manual UPI/Bank Transfer:** Upload proof after payment
- 🔗 **Online Payment via Razorpay** (recommended)

🗄️ Refund & Delivery Clause

- We **do not offer refunds** after development begins.
- If a refund is processed (rare cases), code will not be delivered.

🛠️ Internal Processes

- TypeScript is used, but we ignore it in build time where required
- All projects tracked and managed through internal dashboards and GitHub workflows
